OUR PRESENT IS NATURE

TRUE CALM, PRIVACY, COMFORT, TROPICAL BLISS.
Nature greets us with open arms and we build on that gift to share it with you.

A unique combination of exuberant wildlife and crystal clear beaches frames the Aguas Claras complex, our boutique hotel located on Playa Chiquita, Puerto Viejo. The hotel is made up of 6 bungalows that house different capacities, along with 6 themed suites (Pavlova Sweets), all designed to deliver the Caribbean experience at its very best. Luxuriously modernized; but keeping its Victorian-Caribbean style, each bungalow is carefully decorated with recycled materials, recreated furniture and found objects. Along with different contributions of artists friends, each space is designed to awaken the senses of its guests and thus, that the natural beauty that surprises them on the outside, is reflected in every decorative detail inside.
